

2024 Party Info Sheet V1.8

Thank you for being a part of your friend's and Family's big day. This is a guide for anyone who is getting clothing at our store for a wedding, extending to Ushers, Fathers, and any other ladies and gentlemen in the party.

1. It is required to make an appointment for all wedding business. Sizing, fittings, and pick ups. Go to www.knightsmenswear.com. Groups of more than 4 please call us to schedule. Please do not come in more than 5 minutes early to your appointment.
2. You are purchasing the Items. We want to get you the best fit possible. The correct size suit will be more comfortable and reduce the amount of tailoring, therefore reducing cost. Tailoring costs for most guys ranges between \$20-80, some guys may go beyond.
3. This is not a rental. When getting fitted, we do not want tuxedo measurements. They are similar but it's not always accurate.
4. If you are big and Tall sizing can take longer to order in, please make your appointment sooner rather than later.
5. For best fit, we recommend making the time to get sized at the store, where we can fit you in the correct brand and fit. We want to order the right size the first time.
6. If you can not make it to our store you can find our "remote fitting guide" on our website will have more information available. We recommend boutique shops with tailors and not large chain stores. **Please ask if you can put on the pant and coat, the measuring tape will not predict the feel of the suit.**
7. **Note:** Special order pants may be ordered depending on brand and availability. Cost typically starts at \$30 depending on market rate. Please read the remote fitting guide for more information.
8. There will be a fitting deadline. If you do not come in or send in measurements on time there

is a \$20 fee. We know that life can get in the way, just stay in contact with us.

9. We ask that you come pick up your suit two weeks after it comes back from the tailor, or have someone else pick it up on your behalf. You need to try on the suit immediately to make sure everything fits properly. Failure to follow guidelines will likely require an expedited alteration fee from the tailors.
10. We encourage the party to travel a reasonable distance for the initial sizing so we can make the most accurate orders. Tailoring will only be done for individuals within 1 hour driving distance. Suits can be shipped or picked up to have tailoring done closer to home.

Please add our texting service to your contacts list 507-718-8220. This is how you will receive important updates on the status of your suit or clothing.
