

We need to get you fitted in a suit for an upcoming wedding!

For the best fit, we encourage you to come into our store and try the actual suit on. We outfit our store so all we need you to do is stop by once. If this is not a possibility for you, you can use the remote fitting instructions as a secondary option. This is not for a rental, please attempt to try on the clothing, anything else is guessing.

Please keep in mind that we urge you to **not go to a chain menswear store**. We have many instances of incorrect fittings from those types of stores, which causes extra delays and can result in having to reorder your suit. We recommend a local suit store or tailor shop.

This is a suit measurement, not a rental tux measurement.

Please try to be fit in a regular, modern, or slim fit suit. This will ensure a true fit when we send you your suit.

Name:

Height:

Weight:

COAT - Size: _____ Circle one: Classic fit Modern fit Slimfit

SHIRT

Neck: _____ Shirts above 18.5" are only available in XXL+ sizes

Sleeve: _____ Length will be between 32" and 37" in most cases

(Shirt size – neck size and sleeve length, not to be confused with coat sleeve length. Also, regular or slim fit)

PANT – **Be aware** - our suit package comes with a pair of pants that has a waist size that is **a 6-inch drop from the size of your suit coat**. (Ex. 42R will come with a 36" waist pant)

We still need these pant measurements to help us select the correct package to send to you. If you need to special order a pair of pants because the six inch drop will not work then there will be a minimum charge of \$47.50 depending on the brand.

Pant Waist: _____ (is typically 2-3" larger than jean size)

(Dress pant, Measurement should be around waist, not hips. Please note the size of your thighs – narrow or athletic.)

Pant Length: _____

(Dress pant, not jeans. Inseam or out-seam, specified.)

Jean size: _____

(Your typical Jean size helps to compare measurements.)

Please make sure to take pictures in your try-on garments and upload them via the support form!
